SELECT THE WARM, NATURAL LOOK OF ROUGHSAWN CEDAR

Chesapeake Select Premium Vinyl Siding has been beautifully crafted with a warm, natural cedar grain texture to replicate real wood. But unlike wood, it requires virtually no maintenance, which means no more weekends scraping, sanding and painting.

Chesapeake Select also offers a low-gloss finish for an aesthetically pleasing look, deeper shadow lines, and a heavy duty locking system for a tight, secure installation.

A choice of distinctive profiles and palette of popular colors gives home owners numerous design options. And, because each panel features ColorHold® fade protection, it will retain its original look and luster long into the future. This
